Greeting from the Skeetawk Mountain Operations Team!

This is the weekly snow and mountain conditions report for **Friday, February 7th**

Please see this snow report and weekly mountain conditions update here prior to venturing up to Skeetawk for the most up to date information on snow conditions and gate access times.

Skeetawk will close access to our parking area UNTIL FURTHER NOTICE. This is to facilitate heavy equipment operations for construction of the ski lift. Please stay tuned for more information and PLEASE respect all boundaries and posted signs and closures, they are in place for your safety.

You may access the upper elevations of our permit are AND 4068 by alternative access north and south of our access road, but please avoid the pull out or established Trail Head in the Skeetawk Parking Lot until Further Notice.

Join Skeetawk for a Fundraiser organized by Mat Su CHARR at Tailgaters Sports Bar In Wasilla on March 5th at 5pm. There will be a silent and LIVE auction and a raffle with chances to win prizes including a season pass!

Snow & Conditions Report:

This weeks weather has brought a welcome change including milder temperatures and some New Snow! Skeetawk picked up approximately 4" of new snow in the base with higher amounts at upper elevations and on 4068. An additional 1-2" if forecasted for Friday afternoon info evening hours.

Temperatures through the weekend will remain in the 20's with some nights seeing low's in the single digits. Winds will gust into the teens.

Our season snowfall total is 66”.

The Frostbite Bottom Weather Station is on line and posting reliable data from the 2700' elevation point at tree line in our permit area. This information is available here

Early season conditions do exist with many unmarked hazards and thin cover in places in the backcountry.

Much of Skeetawk has been designated a CONSTRUCTION ZONE for upcoming lift construction.

PLEASE RESPECT ALL BOUNDARIES and CONSTRUCTION ZONE SIGNAGE

Skeetawk will continue to allow hike to Backcountry Hiking Access through an Established Backcountry Gate System. This DOES NOT include the use of established ski runs for the downhill lift serviced terrain. Please contain activities for Backcountry Use to the marked & established backcountry access corridor and gate system.

Backcountry Access is AT YOUR OWN RISK & NOT PATROLLED

PLEASE OBSERVE ALL SKI AREA BOUNDARIES AND HAZARD SIGNAGE AS IT IS THERE FOR YOUR SAFETY

For up to date Avalanche Hazard and Mountain Weather Information please visit our friends at: www.hatcherpassavalanchecenter.org

Think snow and stay tuned here for the best and most current information!!!

Please do not park below the gate as it impedes our snow removal and heavy equipment access.
